

Navigating My White Identity as a Leader in this Work

PRESENTERS:

- [Abigail Smith](#), BlueSkyEd
- [Justin Cohen](#), Wayfinder Foundation

DESCRIPTION:

As many of us focus more explicitly on diversity, inclusiveness, and equity at the classroom, school, and organizational levels, there can be uncertainty, frustration, and anxiety about white people's role in this work. This session is for people who identify as white and are struggling with what effective white leadership looks like in a context that prioritizes DEI. *Limited to participants who identify as white.*
